

H&E Equipment Services Reports Third Quarter 2018 Results

October 25, 2018

BATON ROUGE, La.--(BUSINESS WIRE)--Oct. 25, 2018-- H&E Equipment Services, Inc. (NASDAQ: HEES) today announced results for the third quarter ended September 30, 2018.

THIRD QUARTER 2018 SUMMARY

- Revenues increased 24.3% to \$322.1 million versus \$259.2 million a year ago.
- Net income was \$21.3 million in the third quarter compared to net income of \$8.5 million and adjusted net income of \$27.1 million a year ago.¹ The effective income tax rate was 26.4% in the third quarter of 2018 and (11.7)% in the third quarter of 2017.
- Adjusted EBITDA increased 22.2% to \$108.2 million in the third quarter compared to \$88.5 million a year ago, yielding a margin of 33.6% of revenues compared to 34.2% a year ago.
- Rental revenues increased 24.2% to \$156.0 million in the third quarter compared to \$125.6 million a year ago.
- New equipment sales increased 39.4% to \$68.2 million in the third quarter compared to \$48.9 million a year ago.
- Used equipment sales increased 36.2% to \$30.3 million in the third quarter compared to \$22.3 million a year ago.
- Gross margin was 35.6% compared to 36.3% a year ago. The decrease in gross margin was primarily a result of a shift in revenue mix to lower margin new equipment sales revenue.

In the third quarter of 2017, the Company completed its offering of new 8-year 5.625% senior unsecured notes and the repurchase and redemption of its previously outstanding 7% senior unsecured notes. The Company's operating results for the third quarter of 2017 include a \$25.4 million non-recurring item associated with the premiums paid to repurchase and redeem the old notes and the write-off of unamortized note discount and deferred transaction costs associated therewith and \$8.7 million of income, net of merger costs, resulting from the termination of our merger agreement with Neff Corporation.

- Rental gross margins were 50.0% in the third quarter of 2018 compared to 49.7% a year ago.
- Average time utilization (based on original equipment cost) was 71.0% compared to 73.3% a year ago. The size of the Company's rental fleet based on original acquisition cost increased 25.3% from a year ago, to \$1.8 billion.
- Average rental rates increased 2.2% compared to a year ago and 0.8% sequentially.
- Dollar utilization was 35.9% in the third quarter compared to 36.0% a year ago.
- Average rental fleet age at September 30, 2018, was 33.8 months compared to an industry average age of 44.5 months.

John Engquist, H&E Equipment Services' chief executive officer, said, "Our business performed well during the third quarter as we took advantage of the strength in the non-residential construction markets. Ongoing rental rate improvement as well as solid broad-based demand throughout our geographic footprint drove a 24.2% increase in rental revenues. Despite organically growing our fleet by \$236.6 million year-to-date, physical utilization remained strong and we achieved our expected year-over-year and sequential rental rate increases. Now that this significant fleet investment has been absorbed into the business, our utilization has returned to industry leading levels during the fourth quarter. A year ago, our utilization was at unsustainable levels and resulted in missed opportunities in our end markets. We believe our fleet investment has positioned us well for the rest of this year and for 2019. The momentum in our distribution business continued during the quarter with new equipment sales increasing 39.4%, largely due to an increase in new crane sales of 51.2% from a year ago. Demand for new earthmoving equipment was also solid, increasing 39.3%. Overall, it was a good quarter for our business."

Engquist concluded, "As we move into the fourth quarter, project activity remains strong resulting in healthy demand for rental equipment and is consistent with the ongoing strength in the non-residential construction markets, which is forecast to continue into 2019. Lastly, our stated growth strategy including both acquisitions and organic expansion remains on track."

Rental Fleet

At the end of the third quarter of 2018, the original acquisition cost of the Company's rental fleet was \$1.8 billion, an increase of \$354.8 million from the end of the third quarter of 2017. Dollar utilization was 35.9% compared to 36.0% for the third quarter of 2017.

Selling, General and Administrative Expenses

SG&A expenses for the third quarter of 2018 were \$70.3 million compared with \$55.2 million the prior year, a \$15.1 million, or 27.4%, increase. SG&A expenses in the third quarter of 2018 as a percentage of total revenues were 21.8% compared to 21.3% a year ago. Included in SG&A for the third quarter of 2017 was the reclassification of \$2.2 million of merger and acquisition transaction costs related to the termination of our previously proposed acquisition of Neff Corporation, which we did not ultimately consummate, of such amounts from SG&A to Merger Costs (net of Breakup Fee Proceeds). Excluding this \$2.2 million favorable impact to SG&A expenses in the three month period ended September 30, 2017, total SG&A expenses for the three month period ended September 30, 2017, would have been \$57.4 million, or 22.2% of total revenues, compared to SG&A expenses of \$70.3 million, or 21.8% of total revenues, for the three month period ended September 30, 2018.

The remaining increase in SG&A was attributable to higher labor, wages, incentives and other employee benefits costs of \$8.9 million due to the CEC and Rental Inc. acquisitions completed in 2018, a larger workforce and higher compensation related to our improved profitability. In addition, our results for the quarter ended September 30, 2018, include \$0.9 million of amortization expense associated with the recognition of intangible assets resulting from the CEC and Rental Inc. purchase price allocations. Expenses related to Greenfield branch expansions increased \$0.6 million compared to a year ago.

Income from Operations

Income from operations for the third quarter of 2018 decreased 4.9% to \$45.3 million, or 14.1% of revenues, compared to \$47.7 million, or 18.4% of revenues, a year ago. The year-ago period included (\$8.7) million of merger costs, net of breakup fee proceeds resulting from the termination of a merger agreement. Excluding the net merger costs, income from operations increased 16.9% to \$45.5 million, or 14.1% of revenues for the third quarter of 2018 compared to \$39.0 million, or 15.0% of revenues a year ago.

Interest Expense

Interest expense was \$16.7 million for the third quarter of 2018 compared to \$15.1 million a year ago.

Net Income and Adjusted Net Income

Net income was \$21.3 million, or \$0.59 per diluted share, in the third quarter of 2018 compared to net income of \$8.5 million, or \$0.24 per diluted share, in the third quarter of 2017. Adjusted net income a year ago was \$27.1 million, or \$0.76 per diluted share. Our effective income tax rate was 26.4% in the third quarter of 2018 compared to (11.7)% in the year ago period, which was due primarily to a discrete item related to unrecognized tax benefits as a result of a lapse of the applicable statute of limitations.

Adjusted EBITDA

Adjusted EBITDA for the third quarter of 2018 increased 22.2% to \$108.2 million compared to \$88.5 million in the third quarter of 2017. Adjusted EBITDA as a percentage of revenues was 33.6% compared with 34.2% in the third quarter of 2017.
